

Hoang Viet "Victor" Tran

Mathematics Tutor | MTeach (Secondary) Student | 65-video Teaching Portfolio

Mount Lawley, WA | 0452 380 479 | vietnemo123@gmail.com

Teaching samples: <https://www.youtube.com/@VictorTranMaths>

Profile

Mathematics tutor with more than three years of independent tutoring experience, a public 65-video Mathematics teaching portfolio and a strong academic foundation in Mathematics and Computer Science. Currently completing a Master of Teaching (Secondary). Strongest current offer is Years 7-10 Mathematics, delivered through clear worked examples, guided practice and specific feedback.

Teaching Strengths

- Years 7-10 Mathematics; homework help; exam preparation; structured revision
- Learner diagnostics; scaffolded explanations; worked examples; formative feedback
- One-to-one and small-group tutoring; online lesson delivery; visual explanation
- Lesson planning; topic and curriculum research; SVG teaching resources; quality assurance

Relevant Experience

Independent IELTS and Academic Tutor | December 2022-March 2026

- Supported 10+ students, mostly through paid online sessions, plus one small in-person group.
- Broke homework and examination tasks into manageable steps, modelled effective approaches and checked transfer through guided practice.
- Adapted explanations to each learner's starting point and used repeated attempts, encouragement and targeted next steps to build confidence.

Mathematics Teaching Content Creator | VictorTranMaths

- Created 65 public Mathematics teaching videos, with strongest visible coverage across Years 7-10.
- Research topics, plan explanations, write scripts, design SVG visuals, record lessons and complete quality and curriculum/topic checks.
- Build reusable explanations that make mathematical reasoning visible and allow students to pause, revisit and practise independently.

Education

Master of Teaching (Secondary), Southern Cross University | July 2026-present; expected July 2028

Teaching areas: Software Design and Development; Information Processes and Technology

Bachelor of Computer Science, La Trobe University | Major in Software Engineering | WAM 80 | 2026

HUS High School for Gifted Students, Vietnam | Mathematics specialist stream | GPA 9.4/10 | 2022

Credentials and Readiness
